BUSINESS NOTICE.

Mr. Hunt is a duly accredited representative of the Rancher and Stockman, and is authorized to collect and receipt for any accounts due the paper. If you owe us anything and Mr. Hunt calls on you pay it do your best to pay him, for this is the season of the year when the newspaper man stands in greatest need of what is due him.

THE FAIR.

We publish elsewhere in this issue a full and complete report of the meeting of the Denton County Blooded Stock and Fair association, together with the various premiums given and awards made. This has been the most successful meeting the association has ever had, notwithstanding the long drouth and the various rumors current over the county that Denton had smallpox in her midst. These reports were entirely groundless at that time, but they had the effect of keeping many from attending the fair who otherwise would have done so. The racing was splendid and the show of blooded stock was the equal of anything of the kind ever before made in the state. Be it said to the credit of the fair association, there were no "skin" games permitted on the ground, and if there was a case of pocket-picking or petty thievery it has occcome to our ears. That the meeting will result in great good to the city and county there can be no doubt, and that the people of Denton are coming to appreciate the value of the fair we demonstrated by the unusual interest they displayed in its success, and the RECORD AND CHRONICLE feels no hesitancy in predicting for the fair to be held in 1900 even a more liberal patronage than it received this year, and in consequence a greater and grander entertainment.

EDITORIAL MISCELLANY.

If Tom Ikard, many years since the recognized leader and boss of Texas democracy, will be given according to his acknowledgments

Examinations in other subjects may be taken by special arrangements with the professors concerned. Students are admitted to the university upon passing an examination in Reading, Writing and Mathematics. The Alumni association of the university will give $100 in cash to the applicant for admission to the Freshman academic. Junior Law or first year of the Medical department, who passes in Austin the best examination on those three subjects. The prize is open to graduates of affiliated high schools and holders of first grade state certificates, as well as to our other applicant for admission to the university. The regents have been requested to exempt from all matriculation fees the winner of this prize, and they will doubtless do so.

Matriculation of students, both new and old, will begin Wednesday morning, September 27. All old students are expected to register by 9 o'clock September 27. On Monday morning, October 2, addresses will be delivered in the auditorium to the students and friends of the University by Governor Joseph D. Sayers, Hon. William L. Prather, chairman of the board of regents, and by representatives of the faculty. Class room work will also begin on this day.

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at all drug stores.

The Grand Order of Knights.

In a recent issue we referred briefly to this order which is at present making such a commotion in our state, in connection with the State Fair at Dallas. The order flourished for many hundreds of years in the East, but after the first quarter of the 19th century, it gradually fell into disuse. The wise men were killed or disgraced, and the knowledge sacred and secret few were the traditions preserved. When in that period known as the "dark ages," from the twelfth to the fifteen-h century, Europe was sunk in gloom and ignorance among the mountains of Afghanistan and the plains of Persia sacred rites and observances were preserved and biblded to be veiled in Texas in the closing days of this most wonderful of centuries—the nineteenth. Texas has seen even in her short life as an independent republic, or as a state, some noble pageants and magnificent displays, but none that will

Kind Words Prompted the Track.

The hand [illegible] of the south section crew pushed the track near the depot Monday morning, throwing all the men off, the fall bruising them all and cutting a couple of gashes in H Jamison's chin, which necessitated several stitches to close up. A bar of iron falling off the front end of the car and lodging on the track derailed the car.

Don't Be Enough to Take.

The finest quality of leaf wurar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, la grippe, croup and whooping cough it is unequaled by any other. It always cures, and cures quickly. For sale by J F Daley, druggist.

THE KIDNEY COMPLEXION.

This pale, sallow, sunken-cheeked, distressed-looking face you so often meet are suffering from [illegible] and down the [illegible] ...ney Cure

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. Ulcers fastened its clutches upon her, and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption and was so much relieved on taking the first dose, that she slept all night, and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. She writes W. C. Hamphill & Co., of Shelby, N. C. Trial bottles free at all drug stores. Regular size 50 cents and $1. Every bottle guaranteed.

Work of Commissioners.

Commissioners' court was in session Friday and Saturday. Besides allowing a few accounts, the only matter of any importance was the contracting for the repairs to the jail made by the attempted breaks.

Denton County Gossip.

Former County Judge S. M. Bradley last week showed a RECORD AND CHRONICLE reporter a manilla gourd grown on his place, one and a quarter miles west of town. The gourd was over three feet in length and is similar to those grown in the Philippines, where their long handles come in for the purpose of dipping water out of the shallow wells. The specimen shows Judge Bradley said, had not fully matured on account of the dry weather, but the vine on which it grew had stretched out over a distance of 100 feet in several directions from the hill in which the seed was planted. Judge Bradley will exhibit the curiosity, but different specimens of the same variety, but different shapes, at the fair.

The unhappy mortal whose liver is torpid is miserable without appetite or sense. Dr M. A. Simmons liver medicine makes life worth living.

ALL WOMEN AGREE.

A druggist in Maxine, Ga., says: "I have been a large quantity of Mother's Friend, and have never handled anything that sold as well." Another druggist yesterday from a trip into the

BLAZE AT E. S. PRIDE'S HOME.

Started from Spark from Coal Stove—Damage Is Small.

A blaze that burned a large hole in the roof of E. S Pride's home Sunday morning and for a while threatened the destruction of the house, just south of the city, was extinguished by members of the family who were present when the fire was discovered. The blaze started at about 12 o'clock and Pride was pr-paring dinner on a wood stove and it is thought was caused by a spark from the flue.

The Fire Department was called but there were nothing but the blaze had been extinguished. The place is well outside the fire limits. The damage is covered by insurance.

PILOT POINT CHILD TAKEN TO AUSTIN

A child of Rev. W. H. Carter of Pilot Point was bitten by a supposed mad dog Saturday and Rev. Carter, who is acting in a meeting at Cooper creek, came to the city Sunday and carried the little one to Austin.
